

Village of Canal Winchester
36 South High Street
Canal Winchester, OH 43110-1213

Old Town Historical Committee Meeting
October 1, 2007
6:00 PM

Minutes

Mr. Jarvis called the meeting to order at 6:04 PM.

Roll Call:

Peg Eisnaugle
Leah Turner
Bruce Jarvis

Also in Attendance:

Mayor Miller
Chris Strayer
Mr. Garvin
Mr. Garrett

Approval of Minutes:

Motion to accept minutes of September 4, 2007 and August 6, 2007 Old Town Committee, made by Ms. Eisnaugle and seconded by Ms. Turner

VOTE: AYES: Ms. Eisnaugle, Mr. Jarvis and Ms. Turner

NAYS:

* Meeting on September 4, 2007 was a soliloquy not an actual meeting. Considering August 6, 2007 the last minutes.

Pended Items:

06-01 Interurban Building Update

Spoke about the fundraiser success with the t-shirt sale. Right on target for grant application and 50/50 match. Meeting with new school superintendent to discuss implementing a program to educate kids on the building so they can in return give the info to their parents.

Purchase turn of the century baggage cart to display outside building once it is ready.

Council would like to have an update in how close they are to the \$100,000.00 goal at the last meeting for the year.

Because of the way the building is sub divided the Village of Canal Winchester does not own last 11 feet. Negotiating to obtain that section through in-kind exchange.

Also worked on application for a \$750 grant for a State of Ohio historical marker to place outside of Interurban building. Total marker price is \$1900.

Blew up picture of building from 1908 to view roof. Would like to put similar roof on new building. Found a piece of the old roof and had it evaluated by tile company. Cannot get that type of tile anymore but can get something similar.

Talked about possibly creating a time capsule for the building. Also creating a plaque that list all major individual and business donors and stating information about the time capsule.

New Business

Mr. Garrett discussed hanging a sign on Gender Road that points to the historical district of the Village of Canal Winchester and also one near the new Meijer. Zoning and ODOT issues were brought up since ODOT had taken down the previous sign for being hung in their property zone.

Central Ohio CIC met with the State Department to go over the revolving loan form. The revolving loan form is to receive money to clean up site where Marathon station is. Should know in 30 days if they are eligible for the loan.

Denny Property was evaluated by the fire department. Needs minimal code updates. Unacceptable for occupancy. There is a court session on October 4, 2007 for compliance. Small repairs have been done to the exterior, new roof and repairs to the electric.

Windows have been covered at the Davis Paint store and the electric has been shut down in the entire building. Building is completely empty, no paint or materials.

Adjournment:

Ms. Eisnaugle moved to adjourn this meeting of the Old Town Committee and was seconded by Ms. Turner.

Meeting Adjourned at 6:41 PM.
